Maharashtra, English Medium 81%

PROFESSIONAL EXPERIENCE

Brandelier MediaWorks, Web Developer Apr 2025 – Present

- Administer and optimize a portfolio of 16+ active websites, ensuring high performance, security, and minimal downtime, with 99.9% uptime across live projects.
- Develop modern web interfaces using Next.js and TypeScript, focusing on component reusability and type safety.
- Set up and configured headless CMS architectures, decoupling content management from the frontend to deliver faster, more flexible content to Next.js applications.
- Designed and deployed n8n automation workflows to eliminate repetitive manual tasks and connect tools across day-to-day operations.
- Manage complex data structures with PostgreSQL and optimize queries for faster content delivery and backend efficiency.
- Collaborate with creative teams to translate Figma designs into pixel-perfect, responsive web applications.

Awrange Digital Solutions LLP, Senior PHP WordPress Developer Jul 2024 – Apr 2025

- Built and customized enterprise WordPress themes and plugins to meet diverse client requirements.
- Performed SEO optimization and performance tuning to improve search rankings and page speed.
- Diagnosed and resolved production issues to maintain stable environments for high-traffic WooCommerce stores.

Lifero, Web Developer Oct 2023 – May 2024

- Developed responsive front-end modules and maintained legacy PHP applications.
- Collaborated on full-stack features to bridge design concepts and functional code.

primalfa, Intern Oct 2023 – Jan 2024

- Contributed to web-related development tasks as an intern.

PROJECTS

Trello Clone Application `Supabase · Tailwind CSS`

- Built a real-time project management tool with drag-and-drop functionality and authentication using Supabase.
- Implemented a clean UI using Tailwind CSS and ensured real-time data synchronization via Supabase.

Automotive 3D Showcase `Three.js · GLTF`

- Engineered a web-based 3D vehicle viewer using Three.js and GLTF, addressing complex model loading and rendering challenges.
- Integrated interactive hotspots to improve user engagement for digital showrooms.

Live Websites (Portfolio & Client Sites) `16+ Live Sites`

- Maintained and created multiple live websites, handling updates, SEO, and performance improvements while managing 16+ sites concurrently.
